

MARCH 2025

REQUEST FOR PROPOSALS HALKIRK CAMPGROUND

ELECTRICAL SERVICE UPGRADES

The County of Paintearth is requesting proposals for the upgrading of the electrical service to the Berry Street Campground in the Hamlet of Halkirk.

The current electrical distribution system to 8 stalls includes a master junction / distribution panel supplying 30 amp services to 8 campsite pedestals.

The desired upgrade is to have each campsite pedestal serviced with a 50 amp breaker and RV plug receptacle as well as 20 amp plug in receptacle and breaker as shown below.

The submissions must include the full price of replacing existing pedestals if they are not able to be reconfigured, all materials and labour to complete the trenching and installation of the service. Equipment shown is for example only and may differ from what is being offered / considered.

Submissions are to be received at the County Office by the 21st March 2025. This is not a tender and may be subject to budget deliberations or discussions with County Council, any or all submissions not necessarily accepted. For more information contact the undersigned.
